The APEX Program is open to 6th, 7th, and 8th grade students who are top performers in their schools. APEX students have classes in a stand alone building specifically for APEX students. Our 1:8 teacher to student ratio promotes success. All students receive a laptop for school purposes.

Application Process
Students must apply and complete an interview for APEX enrollment.

Our Purpose
Prepare top performing students for success in highly competitive private and public high schools and colleges.

Partnerships
On a monthly basis, students attend classes at some of the best private schools in the state, such as Sanford, Tatnall, Tower Hill, and Wilmington Friends. Students are also enrolled in the acclaimed LYTE and FAME programs, which prepare students for competitive high schools.

Scholarships
We have set aside a $1 Million Endowment for APEX students to help with private school tuition.

High performing students are often overlooked. Students who have the capacity to go beyond the state assessment and compete on a higher level should be given every tool necessary to succeed. To ensure that top performing students reach their peak, we have created the APEX Honors Program.

Applications for 5th - 8th grade are due by 4-8-2020 for early acceptance.
